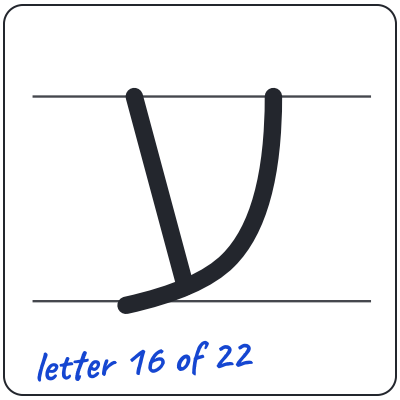
Ayin ע

Ayin is a quiet letter, like Alef. It holds a vowel sound.

Name _____



How to write it

1. A long line from the top right, curving down and out to the left along the bottom.
2. A short line from the top left, slanting down to meet it.

● Hebrew starts on the right: begin at the start dot and go left.

עַיִן

a-yin: eye

1 Trace the dotted letters, then write three on your own

start at the dot, top right

2 Trace two, then write on your own

3 Look at the first one, then write on your own

4 Write it all by yourself

no help this time

5 Read it out loud: the new "o" sound

right to left

עֹ עוֹ עָ עִ עֵ בֹ ע

still, more עוֹד forever עוֹלָם

6 Circle every Ayin

how many did you find? ____

צ נ ע ז י ע ג ס ע א ט ע צ ע

☐ I said the name and sound out loud ☐ I did my best writing

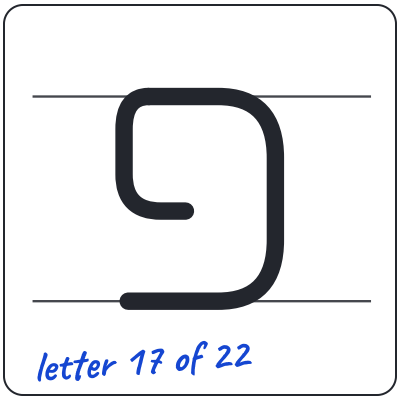
Pe פ

Pe says p, as in pen. Without the dot (Fe) it says f.

Name _____

letter 17 of 22



How to write it

1. Like Kaf: a line across the top, round the right side and back along the bottom.
2. A little curl inside: from the top left, go down and turn in to the right.

● Hebrew starts on the right: begin at the start dot and go left.

פֶּה

pe: mouth

1 Trace the dotted letters, then write three on your own — start at the dot, top right

2 Trace two, then write on your own

3 Look at the first one, then write on your own

4 Write it all by yourself — no help this time

5 Read it out loud: the new "o" sound — right to left

פֹּ מֹ פּוֹ פֶּ פִּ פָּ פֹּ פֹּ

where? אֵיפֹּה here פֹּה

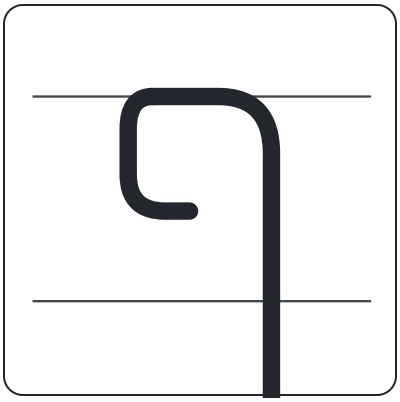
Final Fe ף

Final Fe says f. It is how Fe is written at the end of a word.

Name _____



How to write it

1. Like final Khaf: a line across the top, round the corner, then a long line down, below the bottom line.
2. A little curl inside: from the top left, go down and turn in to the right.

● Hebrew starts on the right: begin at the start dot and go left.

כָּנָף

ka-naf: wing

1 Trace the dotted letters, then write three on your own — start at the dot, top right

2 Trace two, then write on your own

3 Look at the first one, then write on your own

4 Write it all by yourself — no help this time

5 Read it out loud: the new "o" sound — right to left

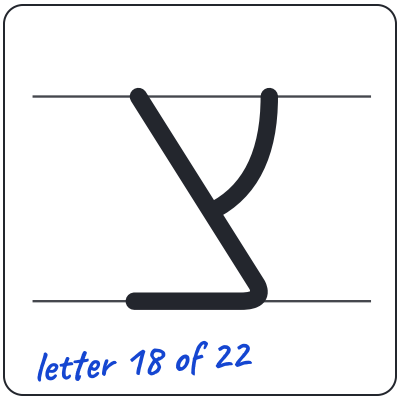
Tsadi צ

Tsadi says ts, as in cats.

Name _____



How to write it

1. A long slanting line from the top left down to the right, then back along the bottom.
2. A short arm from the top right, curving down to touch the long line.

Hebrew starts on the right: begin at the start dot and go left.

צֹאן

tson: sheep and goats

1 Trace the dotted letters, then write three on your own — start at the dot, top right

2 Trace two, then write on your own

3 Look at the first one, then write on your own

4 Write it all by yourself — no help this time

5 Read it out loud: the new "o" sound — right to left
